PROXY STATEMENT

INTRODUCTION

The enclosed proxy is solicited on behalf of the present Board of Directors (sometimes referred to as the “Board”) of Robert Half International Inc., a Delaware corporation (the “Company”), the principal executive offices of which are located at 2884 Sand Hill Road, Menlo Park, California 94025. The approximate date on which this proxy statement and the enclosed proxy are being mailed to the Company’s stockholders is April 15, 2016. The proxy is solicited for use at the annual meeting of stockholders (the “Meeting”) to be held at 11:00 a.m. on Monday, May 16, 2016, at The Westin Hotel—San Francisco Airport, 1 Old Bayshore Highway, Millbrae, California, 94030. Only stockholders of record on March 24, 2016 will be entitled to notice of, and to vote at, the Meeting and any adjournment of the Meeting. Each share is entitled to one vote. At the close of business on March 24, 2016, the Company had outstanding and entitled to vote 131,633,045 shares of its common stock, \$.001 par value (“Common Stock”).

A stockholder giving a proxy in the form accompanying this proxy statement has the power to revoke the proxy prior to its exercise. A proxy can be revoked by an instrument of revocation delivered prior to the Meeting to the Secretary of the Company, by a duly executed proxy bearing a date later than the date of the proxy being revoked, or at the Meeting if the stockholder is present and elects to vote in person. The Company has retained the services of Georgeson LLC to solicit the proxies of certain stockholders for the annual meeting. The cost of such services is estimated to be \$10,000 plus reimbursement of out-of-pocket expenses. In addition, solicitation of proxies may be made by directors, officers or employees of the Company (who will receive no extra compensation for their services) by telephone, by fax or in person as well as by mail. Costs of solicitation will be borne by the Company.

An automated system administered by the Company’s transfer agent will tabulate votes cast at the Meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting, and each is tabulated separately. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders or with respect to election of directors, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved or a nominee has been elected.

NOMINATION AND ELECTION OF DIRECTORS

There are seven nominees for director. All of the nominees are presently directors of the Company. The present term of office of all directors will expire upon election of directors at the Meeting. The full Board of Directors will be elected at the Meeting to hold office until the next annual meeting and until their successors are elected.

Proxies cannot be voted for more than seven persons. Directors are elected by a majority of the votes of the shares present in person or represented by proxy and entitled to vote at the Meeting. Proxies solicited by the Board will be voted "FOR" the election of the nominees named below unless stockholders specify in their proxies to the contrary. Although the Board does not expect any nominee to become unavailable to serve as a director for any reason, should that occur before the Meeting, proxies will be voted for the balance of those named and such substitute nominee as may be selected by the Board.

Executive Summary

Fiscal 2015 was a year of strong financial and strategic performance. Fiscal 2015 at a glance:

<p><u>Performance and Compensation Highlights</u></p> <p>In 2015, the Compensation Committee took the following steps to continue to align 2015 compensation with performance and shareholder interests:</p> <ul style="list-style-type: none">• The Company did not change base salaries for its executive officers in 2015. In fact, base salaries for the CEO and CFO have not changed during the last 18 years.• The Company set 2015 target cash bonus levels at the same amounts as 2014 target bonus levels. Cash bonuses were subject to two annual performance conditions—net income (80% weighting) and revenue (20% weighting). Target amounts for 2015 were set to achieve 16.5% annual growth in net income and 10.5% annual growth in revenue. Actual 2015 performance was achieved at 100.4% of target net income and 98.2% of target revenue. As a result, bonuses for 2015 were equal to 99.96% of 2015 target bonuses.• All equity awards issued to executive officers during 2015 were again 100% performance shares. Performance share grants were subject to three-year cliff vesting and two performance conditions—annual earnings per share (“EPS”) and a modifier based on three-year cumulative total shareholder return (“TSR”) relative to an industry GICS index.	<p><i>Named Executive Officers (NEOs)</i></p> <p>Harold M. Listening to Our Shareholders

The Company’s informed and accessible Compensation Committee is composed solely of independent directors that have established effective means for communicating with shareholders, including the opportunity for shareholders to cast a non-binding advisory vote regarding executive compensation at the Company’s annual shareholders meeting.

The Compensation Committee is very interested in the ideas and concerns of our shareholders regarding executive compensation. An advisory vote regarding executive compensation was presented to shareholders for the fifth time at last year’s annual meeting of shareholders and approved by approximately 98% of shareholder votes, consistent with prior advisory votes by our shareholders regarding executive compensation.

Compensation Risk and Governance

The Company's compensation program has the following features for alignment with best practices:

<i>Hedging and Pledging Policy</i>	The Company does not allow any pledging or hedging of Company stock by directors, officers, and employees.
<i>Director Elections</i>	The Company amended its By-laws to provide for a plurality standard in contested elections.
<i>Maximum Award Amounts</i>	The Compensation Committee establishes caps on maximum awards with appropriate balance between long-term and short-term objectives.
<i>No Dividends on Unearned Shares</i>	Equity awards do not receive dividends until all performance conditions and time vesting requirements have been satisfied. Dividends declared prior to the satisfaction of all requirements are accrued but not paid until the shares vest. If a portion of the award is forfeited, the accrued dividends on that portion will also be forfeited.
<i>Clawback Policy</i>	The Compensation Committee has adopted an Executive Compensation Clawback Policy. This policy is available at the Company's website at www.roberthalf.com in the "Corporate Governance" section under the "About Us/Investor Center" tab. The Company has never restated its financial statements.
<i>Severance Benefits Policy</i>	The Compensation Committee has adopted a "Compensation Committee Policy Regarding Severance Benefits for Executive Officers," pursuant to which future severance agreements with any executive officer shall not, individually or in the aggregate, provide severance benefits, as defined in the policy, that exceed 2.99 times the sum of such executive officer's base salary and annual bonus. This policy is available at the Company's website at www.roberthalf.com in the "Corporate Governance" section under the "About Us/Investor Center" tab. No executive officer has ever been terminated under circumstances that required severance payments.
<i>Share Ownership Policy</i>	<p>The Board of Directors has adopted a policy regarding minimum required share ownership by the Company's executive officers. Details regarding such policy are available at the Company's website at www.roberthalf.com in the "Corporate Governance" section under the "About Us/Investor Center" tab. Pursuant to such policy, the minimum number of shares that Messrs. Messmer, Waddell, Gentzkow, Glass, and Buckley are required to own are 184,643, 93,201, 93,201, 72,099, and 55,198, respectively. Each such officer owns significantly more shares than the minimum requirement.</p> <p>The Board of Directors has also adopted a policy regarding minimum required share ownership by the Company's directors. Details regarding such policy are available at the Company's website at www.roberthalf.com in the "Corporate Governance" section under the "About Us/Investor Center" tab. Pursuant to such policy, each director is required to own a minimum of 10,000 shares no later than three years from the commencement of such individual's current tenure as director. Each director with more than three years tenure also owns significantly more shares than the minimum requirement.</p>
<i>No Excise Tax Gross-Up Payments</i>	The Compensation Committee has established that no excise tax gross up payments shall be made to executive officers or outside directors in the event of a change in control.
<i>No Perquisites</i>	The Compensation Committee again provided no perquisites to the executive officers during 2015.

Based on the above governance features, the Compensation Committee does not believe that the compensation program creates risks that are reasonably likely to have a material adverse effect on the Company.

2015 Financial Highlights

The cash dividend has been raised every year since it was initiated in 2004.

8. In November 2015, Mr. Messmer was named one of FORTUNE® magazine’s “Businesspersons of the Year,” an annual list of 50 top CEOs based on the Company’s financial results in the most recent 12- and 36-month periods.
9. In December 2015, Mr. Messmer was named in the Company’s applicable business sector to *Institutional Investor* magazine’s “All-America Executive Team,” which honors top-ranked Chief Executive Officers (as determined by buy-side institutional investors).
10. The Company retained all key executives and field personnel during the year, which it believes is critical to its future success.

2015 Compensation Highlights

The ratio of the CEO’s performance-based compensation to total compensation for 2015 was 94%. In other words, only 6% of the CEO’s compensation was fixed and the remainder depended on Company performance. Compensation for the Company’s CEO for 2015 as compared with 2014 was as follows:

Base Salary	No Change
Cash Bonus	-6%
Value of Performance Shares – Closing Price on Day of Grant(a)	+18%
Company Increase in EPS over Prior Year	+19%

(a) If the 2015 performance shares were valued using the Monte Carlo method, as described in the 2015 Summary Compensation Table appearing below, there would be a 17% increase in the value of the award over 2014.

The ratio of the CEO’s performance-based stock awards to total stock awards for 2015 was 100%. Therefore, none of the stock awards were absolute and all were dependent on the Company’s performance.

As discussed below and in the descriptions that appear under the “Grants of Plan-Based Awards” table, each 2015 award under the Annual Performance Bonus Plan and the Stock Incentive Plan was subject to modification depending on various metrics (2015 revenue and 2015 net income for the Annual Performance Bonus Plan and 2015 EPS and three-year TSR for the Stock Incentive Plan). The Compensation Committee adopted target goals that it believed were realistically possible to achieve but not easily achieved. The realistic nature of the targets is borne out by the fact that, with respect to the last ten years, the annual Target EPS set for compensation purposes was achieved six times and not achieved four times.

2015 Annual Performance Bonus Plan

The 2015 bonus award was computed in accordance with a formula whereby the ratio of actual performance relative to target performance is applied directly to target bonuses on a one-for-one basis. For example, if actual performance relative to each of the specified metrics exceeds target by 20%, then actual bonuses exceed target by 20%. As noted above, the Compensation Committee selected revenue and net income as the metrics to emphasize both top line and bottom line performance and avoid any duplication of metrics under the Annual Performance Bonus Plan and the Stock Incentive Plan. For 2015, each individual’s actual bonus was determined by weighting 20% to the ratio of actual revenue to target revenue and 80% to the ratio of actual net income to target net income. However, no bonus can exceed the lesser of twice the target bonus or \$9,000,000 and no bonus would be paid to any executive if actual net income for 2015 were less than zero. See the “2015 Grants of Plan-Based Awards” table on page 19 for a complete description of the plan.

For 2015, target bonus awards, target metrics and actual results, and actual bonus awards were as follows:

	2015 Target Goal	2015 Actual Results	Satisfaction of Performance Metrics (% of target)	2014 Actual Results
Revenue (20% weight)	\$5.187 B	\$5.095 B	98.2%	\$ 4.7 B
Net Income (80% weight)	\$ 356 M	\$ 358 M	100.4%	\$306 M
Cumulative			99.96%	

For 2015, target bonus awards and actual awards were as follows:

	Target Bonus	Actual Bonus	Actual Bonus as Percentage of Target
Mr. Messmer	\$3,121,607	\$3,120,343	
Mr. Waddell	\$2,263,599	\$2,262,682	
Mr. Gentzkow	\$2,037,239	\$2,036,414	99.96%
Mr. Glass	\$ 641,351	\$ 641,091	
Mr. Buckley	\$ 735,000	\$ 734,702	

For 2015, the target metric for revenue of \$5.187 billion was an increase of 10.5% over 2014 and for net income of \$356 million was an increase of 16.5% over 2014. Target bonuses for 2015 were set by the Compensation Committee at the same levels as 2014 target bonuses without increase.

2015 Performance Shares

All equity awards issued to executive officers during 2015 were again 100% performance shares. When making its determination with respect to the 2015 grant of performance shares to each executive, the Compensation Committee considered such items as the value of the previous year’s grant, the number of shares granted the previous year, the price of the Company’s stock, the performance of the Company in the prior year, the Target EPS and Target TSR performance metrics set with respect to the grant, the levels of other

compensation granted to the executive, the total compensation package for the executive and the individual performance of each executive. The Compensation Committee does not assign specific weights to individual items. Rather the Compensation Committee exercises its business judgment based, in large part, on the Compensation Committee's long-term experience in compensating the management team in a manner that incents the team to produce consistently favorable results for stockholders.

The Compensation Committee determined the target value of the CEO's 2015 performance share grant by first determining his target total direct compensation for 2015, which, the Compensation Committee determined should be 10% higher than his target total direct compensation for 2014. (The CEO's total compensation for four consecutive years had been lower than 2010 levels and the Committee desired to recognize strong recent performance.) Because base salary, and target bonus amounts for 2015 are the same as 2014 target amounts the 10% increase in total target direct compensation is attributable to his performance shares. To determine the number of performance shares to be issued, the Compensation Committee used the closing price on the date of grant.

Each of the 2015 grants was 100% performance based: subject to (1) reduction based on earnings per share for 2015, (2) reduction or increase based on TSR for the three-year period from January 1, 2015, through December 31, 2017, and (3) time vesting on a three-year cliff basis.

Performance against the annual EPS goal can only result in either no change to the number of the shares able to be earned based on TSR performance or a reduction in the number of shares if the goal is not attained. For 2015, the target earnings per share established by the Compensation Committee and actual earnings per share are set forth below and because actual earnings per share exceeded target earnings per share no reduction was effected and all of the shares remain subject to the three-year TSR modifier and the three-year cliff vesting requirement. In setting the target, the Compensation Committee considered the Company's annual strategic plan, consensus Wall Street estimates and other items, including share repurchases that are to be funded exclusively with operating cash flow.

	<u>2015 Target Goal</u>	<u>2015 Actual Result</u>	<u>Satisfaction of Performance Metric (% of target)</u>
Earnings Per Share	\$2.65 (117.3% of 2014)	\$2.69	101.5%

TSR performance against the 50th percentile of an industry GICS index over the three-year performance period can modify the award up or down by 50%. Specifically, the TSR requirement provided for increase or decrease of the 2015 award by as much as 50% based on how the Company's TSR for the period from January 1, 2015 through December 31, 2017 compares to an industry GICS index for the same period. If the Company's TSR is below the 50th percentile, 3 1/3% of the award will be forfeited for each percentile, to a maximum decrease of 50% of the award at the 35th percentile or below. If the Company's TSR is above the 50th percentile, the award will be increased by 3 1/3% for each percentile, to a maximum increase of 50% of the award at the 65th percentile or above. For example, if the Company's relative TSR is at the 40th percentile, then 33.3% of the total shares shall be forfeited.

The time vesting requirement provides that the 2015 award vests in full on the third anniversary of the grant date on a cliff basis. Notwithstanding the foregoing, the time vesting requirement (but not the earnings per share requirement or the TSR requirement) is waived upon the recipient's death or termination of employment due to total and permanent disability.

No portion of the 2015 performance share award may be released to the recipient until such portion is no longer subject to any of the three requirements (earnings per share, TSR and time vesting).

The Compensation Committee and Frederic W. Cook & Co., Inc., the Compensation Committee's independent compensation consultant, believe that the 2015 awards under the Stock Incentive Plan and the

Annual Performance Bonus Plan, considered in the context of each individual’s total compensation opportunity and the conditions applicable to such awards, are at competitive levels necessary for retention of the current executive officers and for incenting them to continue to provide superior results to stockholders. It also believes that the relationship of total compensation among the named executive officers is appropriate for purposes of internal equity in light of their roles and responsibilities.

Realized 2013 Performance Shares

As described in the proxy statement for our 2013 annual meeting of shareholders, the equity awards issued to executive officers during 2013 were similar to the 2015 performance shares, with a TSR requirement which provided for an increase or decrease of the award based on how the Company’s TSR for the period from January 1, 2013 through December 31, 2015 compared to an industry peer group for the same period. The 2013 performance shares were also subject to a time vesting requirement which provided that the 2013 award would vest in full on the third anniversary of the grant date, or May 23, 2016. The 2013 performance shares (for which the three-year TSR performance cycle is complete) were earned resulting in the forfeiture of 9% of the target shares as follows based on the Company’s TSR during the performance period of 64.58%, which is at the 47th percentile of the peer group, subject to the executive officer’s continued service through the vest date:

	<u>Target 2013 Performance Shares</u>	<u>Additional / Forfeited Shares</u>	<u>Total 2013 Performance Shares</u>
Mr. Messmer	127,095	(11,439)	115,656
Mr. Waddell	102,057	(9,185)	92,872
Mr. Gentzkow	85,990	(7,739)	78,251
Mr. Glass	21,748	(1,957)	19,791
Mr. Buckley	26,992	(2,429)	24,563

Compensation Philosophy – Pay for Performance

The Compensation Committee believes that setting compensation at levels designed to attract and retain key individuals is critical to the success of a personal services business in which there are few tangible assets and in which people represent the true “assets” of the Company. The Compensation Committee is also mindful of the fact that the Company’s industry is fractured with a myriad of private firms owned by entrepreneurial individuals or financed by private equity firms representing the Company’s most effective competition in many markets. Successful competitors generate large financial rewards to the owners as the Company knows from its acquisitions of such firms over the years. It is imperative that the Company’s compensation program provide significant cash and equity incentives to its key managers so as to compete with both public and private companies for this talent, and the Compensation Committee believes the Company’s compensation program achieves this result.

The Compensation Committee further believes that the Company has an outstanding management team that has produced excellent returns since the inception of the Company’s current business in 1986. The Company’s management has been stable for over two decades: four of the executive officers (Messrs. Messmer, Waddell, Gentzkow and Glass) have been with the Company since the 1980s. Mr. Messmer negotiated the purchase of Robert Half Incorporated, the predecessor to the Company, in 1986 and has been responsible for recruiting the officers and other managers with whom he has directed the growth of the Company ever since that time. This includes the formation of Protiviti, which, since its formation in 2002, has grown from revenues of \$18 million in its first full quarter of operation to approximately \$743 million of annual revenues in 2015. The annual revenues of Robert Half Incorporated at the time of its purchase in 1986 were approximately \$7 million. In fiscal 2015, the Company’s revenues were approximately \$5.1 billion.

In the opinion of the Compensation Committee, the Company is fortunate to have a group of outstanding leaders who possess not only considerable management talent but also great entrepreneurial vision, as

demonstrated by a series of highly successful new divisions added to the Company's business since 1991, including the aforementioned Protiviti subsidiary. The Compensation Committee's view is that, as a personal services business, it is in the Company's long-term best interest to be known as an organization offering the opportunity to achieve superior remuneration in the industry. The Company believes the vast majority of such remuneration should be contingent on achieving superior performance and, indeed, makes bonuses subject to achievement of goals the Compensation Committee sets and, further, makes annual grants of equity incentives subject to partial or total forfeiture depending on the achievement of goals set by the Compensation Committee. The Compensation Committee's policy to provide the opportunity for top level compensation and incentives for extraordinary results has been essentially unchanged for many years, and it is believed that the success of this policy is reflected by the superior results that management has achieved for the Company.

As part of its effort to emphasize performance-based compensation, the Compensation Committee has set base salaries at levels it considers modest and which, in the case of Messrs. Messmer and Waddell, have not been increased since 1998. The Compensation Committee instead heavily weights remuneration toward performance-based compensation. An examination of the Summary Compensation Table will show that the vast majority of each executive's total direct compensation (base salary, bonus and performance shares) consists of performance-based restricted share awards under the stockholder-approved Stock Incentive Plan and performance-based cash payments earned under the stockholder-approved Annual Performance Bonus Plan. In 2015, over 94% of total CEO compensation was based on Company performance.

CEO Compensation

Named Executive Officer Compensation other than CEO

While the Compensation Committee is responsible for executive officers' compensation, the philosophy of providing the opportunity for superior remuneration for superior long-term performance is applied to all of the Company's professionals. The Company believes its long-term success is due to its ability to attract and retain top talent capable of superior performance and that the Company's compensation practices are an important element in the Company's continuing ability to attract and retain top talent.

Compensation Process

Each component of compensation is determined by the Compensation Committee. The Compensation Committee determines what changes, if any, should be made to continuing arrangements, such as base salaries and fringe benefits. When determining compensation for the coming year, the Compensation Committee reviews (a) the Company's results for the prior year, (b) the issues that will confront the Company in the coming year, (c) the individual performance of the executive officers, (d) the need to set compensation at levels that promote retention and (e) such other information it deems appropriate. The Compensation Committee does not assign specific weights to these factors. However, the most important of these factors is the Company's performance and, as described in this CD&A, the vast majority of executive compensation is highly contingent upon the Company's results.

Independent Compensation Consultant

In addition, the Compensation Committee from time to time considers executive compensation at competitors and other companies (including the aforementioned staffing industry study) as well as such factors as

compensation as a percentage of total market value. After such review, it makes its ultimate determinations using its business judgment based upon its evaluation of such information and its long-term experience with the Company. The Compensation Committee has retained Frederic W. Cook & Co., Inc. (“FWC”) as its independent compensation consultant. FWC is retained directly by the Compensation Committee (and not on behalf of management) and performs no other consulting or other services for the Company. In compliance with SEC and NYSE rules, the Committee annually reviews information related to FWC’s relationship with the Company, the members of the Compensation Committee and the Company’s executive officers. The Committee confirmed that FWC does not provide any other services to the Company or its management except with respect to the services provided on behalf of the Committee, and that FWC had no business or personal relationship with any member of the Committee or executive officer. The Committee also reviewed information on the fees paid to FWC (which represent less than 0.1% of FWC’s total consulting income during the same period) and FWC’s ownership of any Company securities. Considering this information, the Committee has determined that FWC is independent and that its work for the Committee during 2015 has not raised a conflict of interest. While the Compensation Committee receives input from the CEO and CFO and discusses compensation with them, the ultimate decision regarding compensation is solely at the discretion of the Compensation Committee.

Policy Regarding Compensation in Excess of \$1 Million a Year

Section 162(m) generally disallows a tax deduction for compensation in excess of \$1 million paid to our CEO and the three other most highly compensated named executive officers (excluding the CFO) employed at the end of the year. Certain compensation is specifically exempt from the deduction limit to the extent that it is “performance based” as defined in Section 162(m).

The 2015 awards under the Stock Incentive Plan and the Annual Performance Bonus Plan are intended to comply with the exception for performance-based compensation under Section 162(m). In order to maintain flexibility in rewarding individual performance and contributions, the Compensation Committee will not limit all the amounts paid under all of the Company’s compensation programs to just those that qualify for tax deductibility. In addition, because of the fact-based nature of the performance-based compensation exception and the limited amount of binding-related guidance, the Company cannot guarantee that compensation that is intended to comply with the performance-based compensation exception under Section 162(m) will in fact so qualify.

Other Benefits

As indicated by the tables appearing below, in addition to the foregoing compensation, each executive also participates in non-tax-qualified deferred compensation arrangements. The Compensation Committee considers deferred compensation arrangements to be appropriate for a corporation of the Company’s size, and, in light of the moderate salaries and long service and historical results of management, believes that the amounts have been set at reasonable levels, particularly in light of the fact that the Company does not provide tax-qualified retirement arrangements for these executives. A detailed description of how the deferred compensation arrangements operate is set forth below in the two paragraphs under the “Nonqualified Deferred Compensation” table.

Various agreements, as described elsewhere in this proxy statement, provide for severance benefits in the event of a termination of employment before or after a change in control. (See the discussion below in connection with the “Nonqualified Deferred Compensation” table and the discussion below under the heading “Employment Agreement and Potential Payments upon Termination or Change in Control.”) As indicated by such text, the triggering events and benefits vary among each such arrangement, plan or agreement, and the severance benefits do not include for any executive officer an excise tax gross-up payment. Such triggering events and benefits were selected by the Compensation Committee in light of competitive conditions and customary practices at the time of their implementation, and the Compensation Committee believes that they continue to be reasonable.

2015 Supplemental Summary Compensation Table Reflecting Restricted Stock Grants Valued at the Closing Price at Date of Grant

The following table summarizes compensation for the Named Executive Officers (the Chief Executive Officer, the Chief Financial Officer and the three other executive officers who had the highest compensation for 2015) with performance share awards valued at the closing price on the date of grant. The rules and regulations of the Securities and Exchange Commission relating to the Summary Compensation Table, which appears as the first item in the “Compensation Tables” section, specify that performance-based restricted stock awards should be valued in accordance with formulas specified in Financial Accounting Standards Board Accounting Standards Certification Topic 718, which used the Monte Carlo Simulated Method for 2015. The Compensation Committee believes the valuation of performance share awards using the closing price on the date of grant is a more appropriate method of determining equity award values. No other variations exist between the following table and the Summary Compensation Table.

- (a) All amounts in this column represent grant date fair value of the underlying stock at the date of grant computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718. For 2015, value was determined by an independent valuation firm using the Monte-Carlo Simulation Method. Such valuation per share exceeded the grant date closing price per share by 18% (\$ 71.86 vs. \$60.82). Pursuant to the SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting and potential forfeitures pursuant to the TSR modifier performance condition described in the Compensation Discussion and Analysis.
- (b) Consists of cash payments made under the Annual Performance Bonus Plan, as described below the “Grants of Plan-Based Awards” table.
- (c) Consists of interest in excess of the applicable IRS rate on nonqualified deferred compensation plans determined in accordance with applicable regulations. See the “Nonqualified Deferred Compensation” table below for further information. All executives waived this for 2015.
- (d) The amounts in this column for 2015 consist of allocations pursuant to defined contribution plans, as described in the “Nonqualified Deferred Compensation” table.

- (a) Maximum payouts would result in the event of actual revenue of \$10.372 billion and actual net income of \$712 million and threshold payouts would result in the event of actual revenue of \$0 and actual net income of \$0. See below and on page 12 of the Compensation Discussion and Analysis for a description of the Annual Performance Bonus Plan.
- (b) For 2015, Fair Value was determined by an independent valuation firm using the Monte-Carlo Simulation Method. Such valuation per share exceeded the grant date closing price per share by 18% (\$71.86 vs. \$60.82).

Description of the 2015 Cash Bonuses

Non-equity awards consist of an annual cash bonus opportunity pursuant to the Annual Performance Bonus Plan, which was originally approved by stockholders in 1994 and was most recently re-approved by stockholders in 2013. The target bonus amount is set by the Compensation Committee, which also adopts target performance metrics. For 2015, the Compensation Committee selected revenue and net income as the metrics to emphasize both top line and bottom line performance and eliminate the duplication of metrics under the Annual Performance Bonus Plan and the Stock Incentive Plan. For 2015, the target metric for revenue was \$5.187 billion (an increase of 10.5% over 2014) and for net income was \$356 million (an increase of 16.5% over 2014). Target bonuses for 2015 were set at the same amounts as 2014 target bonuses without increase. For 2015, each individual's actual bonus was determined by weighting 20% to the ratio of actual revenue to target revenue and 80% to the ratio of actual net income to target net income. (For example, if actual revenue had been 80% of target revenue and actual net income had been 90% of target net income, then each executive would have received 88% of his target bonus.) However, no bonus can exceed the lesser of twice the target bonus or \$9,000,000 and no bonus would be paid to any executive if actual net income for 2015 were less than zero. The Compensation Committee has the discretion to reduce any bonus within limits specified in the plan, but has no discretion to increase any bonus above the amount that would be determined by the formula. Bonuses are subject to the Company's Clawback Policy, which is available at the Company's website at www.roberthalf.com in the "Corporate Governance" section under the "About Us/Investor Center" tab. The measurement period for the grants appearing in the table was the 2015 calendar year (which is also the Company's fiscal year), so the actual final bonuses pursuant to this plan have been determined and are reported in the Summary Compensation Table in the "Non-Equity Incentive Plan Compensation" column. For 2015, the target revenue and net income were \$5.187 billion and \$356 million, respectively, and the actual revenue and net income were \$5.1 billion and \$357.8 million, respectively. As a result, actual bonuses for 2015 were equal to 99.96 % of target bonuses.

Description of the 2015 Performance Share Grants

Since 2004, stock awards to executive officers have consisted exclusively of performance share grants made pursuant to the Stock Incentive Plan, which plan was approved by the stockholders in 2005 and was most recently re-approved by stockholders in 2014.

Each of the 2015 grants was 100% performance based: subject to (1) reduction based on EPS for 2015, (2) reduction or increase based on TSR for the three-year period from January 1, 2015, through December 31, 2017, and (3) time vesting on a three-year cliff basis.

Performance against the annual EPS goal can only result in either no change to the number of the shares able to be earned based on TSR performance or a reduction in the number of shares if the goal is not attained. For 2015, the target EPS established by the Compensation Committee and actual EPS are set forth below and because actual EPS exceeded target EPS, so no reduction was effected. In setting the target, the Compensation Committee considers the Company's annual strategic plan, consensus Wall Street estimates and other items, including share repurchases that are to be funded exclusively with operating cash flow.

	<u>2015 Target Goal</u>	<u>2015 Actual Result</u>	<u>Satisfaction of First Performance Metric (% of target)</u>
Earnings Per Share	\$2.65 (117.3% of 2014)	\$2.69	101.5%

TSR performance against the 50th percentile of an industry GICS index over the three-year performance period can modify the award up or down by 50%. Specifically, the TSR requirement provides for increase or decrease of the 2015 grants by as much as 50% based on how the Company's TSR for the period from January 1, 2015, through December 31, 2017, compares to an industry peer group for the same period. If the Company's TSR is below the 50th percentile, 3 1/3% of the award will be forfeited for each percentile, to a maximum decrease of 50% of the award at the 35th percentile or below. If the Company's TSR is above the 50th percentile, the award will be increased by 3 1/3% for each percentile, to a maximum increase of 50% of the award at the 65th percentile or above. For example, if the Company's relative TSR is at the 40th percentile, then 33.3% of the total shares shall be forfeited.

The time vesting requirement provides that the 2015 award vests 100% on the third anniversary of the grant date. Notwithstanding the foregoing, the time vesting requirement (but not the earnings per share requirement or the TSR requirement) is waived upon the recipient's death or termination of employment due to total and permanent disability.

No portion of the 2015 restricted share award may be released to the recipient until such portion is no longer subject to any of the three requirements (earnings per share, TSR and time vesting). However, even after shares constituting part of a restricted share award are released, they are still subject to the Company's Clawback Policy, which is available at the Company's website at www.roberthalf.com in the "Corporate Governance" section under the "About Us/Investor Center" tab.

Performance share grants made do not receive dividends until all requirements have been satisfied. Dividends declared prior to the satisfaction of all requirements are accrued but not paid. If a portion of the award is forfeited, the accrued dividends on that portion will also be forfeited.

Michael C. Buckley	\$0	\$149,955	\$ 50,975	\$0	\$ 1,829,522

Registrant Contributions for Mr. Messmer are allocated pursuant to the Deferred Compensation Plan. Under the Deferred Compensation Plan, the amount allocated each year to Mr. Messmer is between 3% and 10% of the sum of Mr. Messmer's base salary and cash bonus (pursuant to the Annual Performance Bonus Plan), depending upon how actual earnings per share for the year compare to the target set by the Board. Accrued amounts earn interest quarterly at a rate equal to the 10+ Year High Quality yield in the Merrill Lynch Bond Index. For 2015, the quarterly interest rates were 3.81%, 4.41%, 4.28% and 4.37%, respectively. The corresponding 120% long-term quarterly applicable federal rates were 2.61%, 2.97%, 3.13% and 3.10%, respectively. For 2015, (and for the previous eight years) Mr. Messmer requested, and the Compensation Committee agreed, that no amount be allocated to him under the plan for the year and that the interest amounts credited not exceed the amounts set forth in the preceding sentence. The Deferred Compensation Plan provides that all amounts become fully vested after seven years of service, so all amounts in the table for Mr. Messmer are fully vested. All vested amounts are paid following disability or termination of employment for any reason. The amounts in the Deferred Compensation Plan allocated to Mr. Messmer, which include amounts transferred in respect of another plan that was terminated several years ago, reflect benefits earned by Mr. Messmer during more than 29 years of service.

Registrant Contributions for Messrs. Waddell, Gentzkow, Glass and Buckley are allocated pursuant to the Senior Executive Retirement Plan, which was established effective December 31, 1995. Under the Senior Executive Retirement Plan, the amount allocated each year for an executive is 15% of the sum of his base salary and cash bonus (pursuant to the Annual Performance Bonus Plan). Accrued amounts earn interest at a rate equal to Moody's Corporate Bond Yield Average. For 2015, this interest rate was 4.64% and the corresponding 120% long-term annual applicable federal rate was 3.13%. For 2015, these executive officers requested and the Compensation Committee agreed, that the interest amounts credited not exceed the applicable federal rate amounts set forth in the preceding sentence. All allocations are subject to a vesting schedule, which provides that no amount is vested until ten years of service. After ten years of service, the amount vested is 50% plus 4 1/6% for each year over age 50, with 100% vesting thus occurring at age 62. In the event of a Change in Control (see Appendix A for a definition of this term), all amounts credited under the Senior Executive Retirement Plan shall become fully vested and nonforfeitable. Vested accrued amounts are paid following termination of employment. Prior to January 1, 1996, Messrs. Waddell, Gentzkow and Glass participated in the Deferred Compensation Plan. Contributions made prior to such date continue to earn interest as provided by the Deferred Compensation Plan. Of the aggregate balances shown in the table, \$ 1,475,538, \$ 636,165, \$ 683,206 and \$ 914,761 were unvested as of December 31, 2015, for Messrs. Waddell, Gentzkow, Glass and Buckley, respectively. All vested amounts are paid following disability or termination of employment for any reason. Pursuant to the Senior Executive Retirement Plan and resolutions adopted by the Compensation Committee in 1995, in the event of a Change in Control (see Appendix A for a definition of this term), there shall be allocated to Mr. Waddell's account an amount equal to the product of (a) the number of whole years remaining until Mr. Waddell attains age 62 (3 years as of December 31, 2015) and (b) the last annual allocation for Mr. Waddell made under the Senior Executive Retirement Plan. After such Change in Control allocation has been made, each subsequent annual allocation under the Senior Executive Retirement Plan for Mr. Waddell following the Change in Control and prior to his 62nd birthday shall be reduced by an amount equal to the last annual allocation made to Mr. Waddell prior to the Change in Control.

Employment Agreement and Potential Payments upon Termination or Change in Control

Harold M. Messmer, Jr., Chairman of the Board and Chief Executive Officer, has an employment agreement with the Company terminating December 31, 2019. Under the current terms of the employment agreement, Mr. Messmer will receive a base annual salary of not less than \$525,000 and is entitled to receive certain benefits, including life insurance and tax planning. (Mr. Messmer has waived these benefits for 2015 and every year since 2007.) In the event the employment of Mr. Messmer is terminated (a) involuntarily other than for Cause (see Appendix A for a definition of this term), (b) by reason of a constructive termination of Mr. Messmer's employment resulting from a material breach of the employment agreement by the Company, or (c) voluntarily within one year following a Change in Control of the Company (see Appendix A for a definition of this term), he is entitled to receive severance compensation. The amount of such severance compensation shall

be (i) the then lump sum present value of the amount he would have received if his base salary (at the rate payable at the time of such termination) had been paid through the then effective term of the agreement and (ii) the then lump sum present value of the amount he would have received if a yearly bonus in an amount equal to the annual cash bonus for the last full calendar year completed prior to the termination (including any bonus pursuant to the Annual Performance Bonus Plan) had been paid yearly through the then effective term of the agreement. If Mr. Messmer's employment is terminated by reason of death or disability, he or his estate will receive only 75% of the base salary he would have received through the then effective term of the agreement and will not receive any amount in lieu of bonus. If Mr. Messmer's employment terminates other than for Cause, he and his wife will each continue thereafter to participate in the Company's healthcare plan for its employees, at Company expense, until his or her death. For one year following termination, Mr. Messmer is prohibited from competing with the Company's personnel services business, employing any officer of the Company or soliciting any officer of the Company to leave the Company. Since 1990, the terms of the employment agreement have provided that it automatically renew on each December 31 for an additional year without further action by the Company or Mr. Messmer and without formal amendment.

Severance Agreements have been entered into with Messrs. Messmer, Waddell, Gentzkow and Glass. Each Severance Agreement provides that the employee will be paid a lump sum equal to two years' base salary (2.99 years if the employee has served as a director) if his employment is terminated (a) without Cause (see Appendix A for a definition of this term), (b) voluntarily by the employee following a reduction by more than 5% of the employee's base salary per month or (c) voluntarily by the employee following a request by the Company that the employee relocate more than 50 miles away from the current location of the principal executive offices of the Company. The terminated employee will also receive a pro rata share of any bonus he would otherwise have received pursuant to any bonus plan if his employment had not been terminated. However, if the termination occurs within one year following a Change in Control of the Company (see Appendix A for a definition of this term), then in lieu of the foregoing bonus payment the employee will receive a lump sum equal to twice the prior year's bonus (2.99 times the prior year's bonus if the employee has served as a director). Notwithstanding the foregoing, no individual shall receive salary and bonus payments under both his Severance Agreement and any other agreement. Instead, only the greater of such benefits provided by either agreement shall be paid. In the event of such a termination, (1) outstanding restricted shares would remain outstanding subject to any pending performance conditions, but any time based vesting requirements would cease to apply, and (2) outstanding options would remain outstanding until their normal expiration date. Any amounts accrued for the employee's benefit under the Senior Executive Retirement Plan would also become fully vested. The individual will continue to receive all employee benefits in effect on the termination date, including, but not limited to, medical and life insurance payments, for two years following termination (2.99 years if the employee has served as a director). In addition, if the employee has served as a director, the foregoing benefits will be provided in the event of any voluntary termination within one year following a Change in Control. The Agreements also provide that any termination of his employment (other than a termination by the Company for Cause) after age 60 (age 53 if the employee has served as a director) will entitle him and his wife, at Company expense, to each continue to participate in the Company's healthcare plan for its employees or receive equivalent coverage, until his or her death, at the greatest level provided at any time since April 2009.

The Company has entered into Part-Time Employment Agreements with each of Messrs. Messmer, Waddell, Gentzkow, Glass and Buckley. Each Agreement provides that the employee will be retained as a part-time employee for a four-year period following retirement. The individual will provide advice and counsel as requested during the part-time employment period and will be prohibited from competing with the Company's staffing services business or soliciting any employee to leave the Company during that period. In return, the individual will receive annual compensation during the part-time employment equal to 8% of the average annual cash base salary and bonus (including any bonus pursuant to the Annual Performance Bonus Plan) paid for the five full calendar years during the ten full calendar years preceding the Part-Time Employment Commencement Date that had the highest Yearly Cash Compensation, and stock option and restricted share awards made prior to retirement will remain outstanding and continue to vest in accordance with their original vesting schedules. For purposes of the Agreements, retirement is defined to be any termination by the employee of his employment

subsequent to the later of age 55 or 20 years of service. Messrs. Messmer, Waddell, Gentzkow and Glass are currently eligible for retirement under this provision.

The Stock Incentive Plan, pursuant to which all equity grants to executive officers subsequent to October 2004 have been made, provides that any award held by an executive officer will vest upon such individual's death or disability. The only grants that have been made under this plan to executive officers are restricted share grants. For more details regarding the Stock Incentive Plan, see the discussion below the "Grants of Plan-Based Awards" table.

The Annual Performance Bonus Plan, pursuant to which performance-based cash bonuses are paid to executive officers, provides for a pro-rated bonus to be paid to the estate of any executive officer in the event of his death during the year. For more details regarding the Annual Performance Bonus Plan, see the discussion below the "Grants of Plan-Based Awards" table.

The Deferred Compensation Plan and the Senior Executive Retirement Plan each provide that all vested amounts will be paid following disability or termination of employment for any reason. For more details regarding these two plans, see the discussion below the "Nonqualified Deferred Compensation" table.

Payments in the Event of Various Circumstances

Set forth below is information regarding amounts that would have been payable to each of the executive officers pursuant to the arrangements described herein under the assumption that various circumstances had occurred on December 31, 2015.

Depending upon the circumstances surrounding separation, the individual may be entitled to receive one or more of the following benefits: (a) immediate vesting of then-unvested restricted share awards, (b) then-unvested restricted share awards would remain outstanding, subject to their existing vesting schedule, (c) allocation of additional amounts under the Senior Executive Retirement Plan, (d) immediate vesting of then-unvested amounts under the Senior Executive Retirement Plan, (e) payout of amounts allocated under the Senior Executive Retirement Plan, (f) a lump sum payment whose calculation is based on salary, (g) a lump sum payment whose calculation is based on bonus, (h) retention as a part-time employee (with payment of compensation) for a specified period, (i) continued participation in Company medical plans and payment of other medical expenses until death, or (j) continued payment of life insurance and other miscellaneous benefits for a specified period. Such benefits would be provided pursuant to the Senior Executive Retirement Plan or one or more of the plans or agreements described above under the heading "Employment Agreement and Potential Payments upon Termination or Change in Control."

The amounts that actually would be payable if any such event occurs in the future would be different than those set forth below (which, as stated above, are calculated under the assumption that the event occurred on December 31, 2015) because such payments are contingent upon various factors at the time of the occurrence of the assumed event, including, but not limited to, one or more of the following: (1) each individual's then current salary and non-equity award potential, (2) each individual's salary and non-equity award for preceding fiscal years, (3) the amount and nature of unvested equity awards held by the individual, (4) the trading price of the Company's stock, (5) the then current level of benefits and other items, (6) the individual's age or years of service with the Company and (7) the date of termination, including, but not limited to, where the date of termination falls within the fiscal year or the measurement period for a specific grant. For further information regarding the impact of these factors, see the discussion above regarding the Senior Executive Retirement Plan and the discussion under the heading "Employment Agreement and Potential Payments upon Termination or Change in Control."

The following table sets forth, for each individual and each possible benefit (a) the value of each such benefit computed on the assumption a triggering event occurred on December 31, 2015, and (b) the circumstances for that individual under which payment of that benefit would be triggered. Note that the circumstances that trigger a specific benefit may be different for different individuals. **As can be seen from the table, not all benefits are paid to an individual under all circumstances. Therefore, no useful information would be obtained by summing the items in any column. For information regarding the total amount payable to any individual upon the occurrence of a specific event, see the table appearing in the next subsection.**

Total Amounts under Specified Circumstances

The table below sets forth the total amounts of the benefits that would be provided to each individual in the event of the various circumstances described in the table. **Each of the situations described in the table is a separate and complete alternative situation, and each line item sets forth the total amount payable in that alternative. The different line items are not cumulative and should not be added. They are mutually exclusive alternative scenarios.** In all circumstances, each individual would also be entitled, in addition to the amounts set forth below, to receive his then vested account under the Deferred Compensation Plan or the Senior Executive Retirement Plan. These vested amounts are set forth above in the “Nonqualified Deferred Compensation” table. All amounts are calculated on the assumption that the event occurred on December 31, 2015.

Board of Directors Leadership Structure

Harold M. Messmer, Jr. serves as both Chairman and Chief Executive Officer. In 1986, Mr. Messmer negotiated the purchase of Robert Half Incorporated, the Company's original operating entity, which had annual revenues of approximately \$7 million. Mr. Messmer then became President and Chief Executive Officer of Robert Half Incorporated, in addition to serving as President of the Company. Following a reorganization of the Company's subsidiaries in 1988, Mr. Messmer was elected Chairman and Chief Executive Officer of the Company, positions he has held continuously since 1988. During Mr. Messmer's tenure in both positions, the Company has experienced substantial growth. Annual revenues for 2015 were approximately \$5.095 billion. The Company's cumulative return to stockholders during Mr. Messmer's service as both Chairman and Chief Executive Officer was over 2,917%, which is an average annual compound return of 13%. In 1988, the Company's business consisted solely of the operation or franchising of offices placing temporary and full-time professionals in the fields of accounting and finance. Under Mr. Messmer's tenure, the

Company has (a) expanded its placement services to include temporary and full-time professionals in the office, administrative, technology, legal and creative fields, (b) acquired all of its franchisees and (c) created a subsidiary named Protiviti that provides business consulting and internal audit services. The Company has also expanded its operations from the United States into more than 18 countries on five continents. The Company and Mr. Messmer have received numerous accolades. In November 2015, Mr. Messmer was named one of FORTUNE® magazine's "Businesspersons of the Year," an annual list of 50 top CEOs based on the Company's financial results in the most recent 12- and 36-month periods. The Company has had multiple appearances on FORTUNE® magazine's "Most Admired Companies" lists (each year from 1998 through 2016). The Company was listed on the FTSE4Good Responsible Investment Index from 2008 through 2015 and was also selected for *Ethisphere* magazine's "World's Most Ethical Companies" list in 2013. In December 2015, Mr. Messmer was named for the second consecutive year in the Company's applicable business sector to *Institutional Investor* magazine's "All-America Executive Team," which honors top-ranked Chief Executive Officers (as determined by buy-side institutional investors). Mr. Messmer was named Ernst & Young's "Entrepreneur of the Year" in 2007, was selected by Morningstar, Inc. as 2003 "CEO of the Year" and was elected to the San Francisco Bay Area Council Business Hall of Fame in 2010. In 2011, Mr. Messmer received the Staffing Innovator Award from Staffing Industry Analysts, Inc. and was named by the *San Francisco Business Times* as the San Francisco Bay Area's Most Admired CEO in the large public company category. In 2015, Robert Half subsidiary Protiviti was named to the 2015 FORTUNE® 100 Best Companies to Work For® list, which recognizes companies with exceptional workplace cultures and talent development. Robert Half staffing and Protiviti offices regularly appear on local "best workplaces" lists, including in the San Francisco Bay Area, where the Company is headquartered. In light of the considerable success the Company has experienced under Mr. Messmer's leadership, the Board of Directors believes it was appropriate to have him serve as both Chairman and Chief Executive Officer.

Frederick A. Richman has been designated Lead Director. Mr. Richman's duties include, among other things, presiding at executive sessions of the independent directors, working with the Chairman to establish agendas and schedules for Board of Directors meetings and approving the retention of any consultants retained by the Board of Directors. The Company's Board of Directors has adopted a Lead Director Statement of Duties, which contains further information regarding the role of the Lead Director. The statement is an appendix to the Company's Corporate Governance Guidelines, which guidelines are available at the Company's website at www.roberthalf.com in the "Corporate Governance" section under the "About Us/Investor Center" tab.

Risk Oversight Role

The Board of Directors exercises its risk oversight function in a variety of ways, both directly and through its various committees.

The Board of Directors reviews and approves the Company's annual strategic plan. At its meetings, it receives reports from the Chairmen of its committees. The Board also periodically receives presentations from the heads of the Company's various operating departments. Compliance policies are reviewed and re-approved annually.

As prescribed in its charter, the Audit Committee monitors guidelines and policies that govern the process by which risk assessment and management is undertaken. The Audit Committee receives a quarterly written report from the manager of the Company's internal audit and risk management department and discusses the report with the manager. The Audit Committee reviews and adopts the budget of the internal audit and risk management department and also reviews and approves, in advance, the scope and the staffing of the internal audit. Any complaints to the Company's Corporate Compliance and Ethics Hotline are automatically routed to the Chairman of the Audit Committee in addition to the appropriate management personnel.

The Compensation Committee approves all executive compensation programs. It believes that the emphasis on time vesting equity compensation encourages executive officers to take a long-term view when making

decisions. In addition, both cash bonuses and share awards are subject to the Company's Clawback Policy, which is available at the Company's website at www.roberthalf.com in the "Corporate Governance" section under the "About Us/Investor Center" tab.

Available Information

The Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics, and charters for its Audit Committee, Compensation Committee and Nominating and Governance Committee are available on its website, which is www.roberthalf.com, in the "Corporate Governance" section under the "About Us/Investor Center" tab. The Compensation Committee, currently composed of Messrs. Berwick, Pace and Richman, met five times during 2015. (Mr. Pace was elected to the Compensation Committee in February 2016.) The function of the Compensation Committee is to establish compensation policies for the Company's senior officers and to administer compensation plans in which officers, directors and employees are eligible to participate.

The Nominating and Governance Committee, currently composed of Messrs. Berwick, Morial, Pace and Richman, met two times during 2015. (Mr. Morial was elected to the Nominating and Governance Committee in March 2016.) The Nominating and Governance Committee's role is to recommend candidates to fill any vacancy that may occur in the Board of Directors, develop and recommend corporate governance guidelines to the Board and oversee the evaluation of the Board and management.

The Executive Committee, currently composed of Messrs. Messmer, Pace and Richman, did not meet during 2015. The Executive Committee has all of the powers of the Board of Directors, with certain specific exceptions required by Delaware law.

Compensation Committee

Compensation Committee Charter

The Compensation Committee has adopted a charter. It is available on the Company's website, which is www.roberthalf.com. The charter can be found in the "Corporate Governance" section under the "About Us/Investor Center" tab.

Independence

The Board of Directors has determined that all of the members of the Compensation Committee are independent as defined in the New York Stock Exchange's listing standards.

Compensation Committee Procedures

Each component of executive compensation is determined by the Compensation Committee. The Compensation Committee determines what changes, if any, should be made to continuing arrangements, such as base salaries and fringe benefits. When determining compensation for the coming year, the Compensation Committee reviews (a) the Company's results for the prior year, (b) the issues that will confront the Company in the coming year, (c) the individual performance of the executive officers, (d) the need to set compensation at levels that promote retention and (e) such other information it deems appropriate. After such review, it makes its ultimate determinations based upon its evaluation of such information and its long term experience with the Company. While the Compensation Committee receives input from the Chief Executive Officer and Chief Financial Officer and discusses compensation with them, the ultimate decision regarding compensation is solely at the discretion of the Compensation Committee. For further information, see "Compensation Discussion and Analysis," above. The Compensation Committee has the authority to retain consultants to assist with its decisions. The Compensation Committee has retained Frederic W. Cook & Co., Inc. ("FWC") as its independent compensation consultant to help the Compensation Committee establish and implement its compensation philosophy, to evaluate compensation proposals recommended by management, and to provide advice and recommendations on competitive market practices and specific compensation decisions for executive officers and directors. The Compensation Committee retains and does not delegate any of its exclusive power to determine all matters of executive compensation and benefits, although the CEO and the CFO present compensation and benefits proposals to the Compensation Committee. FWC works directly with the Compensation Committee (and not on behalf of management) to assist the Compensation Committee in satisfying its responsibilities and has not undertaken any projects for management. For additional description of the Compensation Committee's processes and procedures for consideration and determination of executive officer compensation, see the "Compensation Discussion and Analysis" section of this Proxy Statement.

Compensation of directors is determined by the full Board of Directors, except for equity awards under the Stock Incentive Plan, which are made by the Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis appearing earlier in this proxy statement. Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit the books, records and accounts of the Company for 2015, subject to ratification by stockholders. PricewaterhouseCoopers LLP has acted as auditors of the Company since 2002. Representatives of that firm will be present at the Meeting and will have the opportunity to make a statement if they desire to do so. They will also be available to respond to questions.

PricewaterhouseCoopers' charges for 2014 and 2015 were as follows:

	<u>2014</u>	<u>2015</u>
Audit Fees	\$1,808,262	\$1,918,720
Audit-Related Fees	\$ 41,517	\$ 44,314
Tax Fees	\$ 0	\$ 0
All Other Fees	\$ 0	\$ 0

The 2014 and 2015 Audit-Related Fees were incurred in connection with attest services relating to reviews of financial information for four wholly owned subsidiaries. Rule 2-01(c)(7)(i)(C) of Securities and Exchange Commission Regulation S-X (relating to waivers with respect to the requirement that fees be pre-approved) was not applicable to any of the services for 2014 or 2015 described in the above table.

Audit Committee Policy Regarding Pre-Approval of Services of Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditors. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent auditor is required to provide detailed back-up documentation at the time of approval. The Audit Committee may delegate pre-approval authority to one or more of its members. Such a member must report any decisions to the Audit Committee at the next scheduled meeting.

Required Vote

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or by proxy at the Meeting and entitled to vote is required for ratification of the appointment of PricewaterhouseCoopers LLP as auditors for 2016.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS AUDITORS. PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Stockholders are entitled to cast an advisory vote at the annual meeting to approve the compensation of the Company's named executive officers, as disclosed in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and the philosophy, policies and practices described in this proxy statement. Although, pursuant to the Dodd-Frank Act, the vote is non-binding, the Compensation Committee and the Board of Directors will consider the outcome of the vote in establishing compensation philosophy and making future compensation decisions.

In May 2015, approximately 98% of shareholder votes approved the Company's 2014 executive compensation. Consistent with its pay for performance policy, for 2015 the Compensation Committee again set challenging performance goals for cash bonuses and performance shares and the results are set forth below.

The Compensation Committee set target bonuses for 2015 at the same levels as 2014 target bonuses. In addition, revenue and net income targets were set to emphasize achievement of both top line and bottom line growth. The revenue target of \$5.187 billion was an increase of 10.5% over 2014 and the net income target of \$356 million was an increase of 16.5% over 2014. Actual bonuses for 2015 were equal to 99.96% of target bonuses.

All equity awards issued to executive officers during 2015 were again 100% performance shares and were subject to three-year cliff vesting and two performance conditions—an annual EPS condition and a modifier based on a three-year cumulative TSR relative to an industry GICS index. Target EPS for 2015 was 2.65, an increase of 17% over 2014. Actual 2015 EPS was \$2.69. The TSR modifier results for the 2015 performance shares will not be known until the end of 2017. The 2013 performance shares, which just completed their three-year performance period during 2015, will vest at 91% of target based on relative TSR performance at the 47th percentile.

The Compensation Committee believes that 2015 compensation is directly aligned with performance.

Stockholders are asked to indicate their support for our named executive officer compensation as described in this proxy statement by voting FOR the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables and narrative discussion, is hereby approved.”

Required Vote

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or by proxy at the Meeting and entitled to vote is required for approval of the proposal.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE PROPOSAL RELATING TO EXECUTIVE COMPENSATION. PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

Definitions of Certain Terms Used in the Proxy Statement*Change in Control*

As used in the proxy statement discussion of the Senior Executive Retirement Plan, the Stock Incentive Plan, and the various plans and agreements discussed under the heading “Employment Agreement and Potential Payments upon Termination or Change in Control,” the term “Change in Control” means the occurrence of any of the following:

(a) Any person or group (as such terms are defined in Section 13(d)(3) of the Exchange Act), other than an employee benefit plan sponsored by the Company or a subsidiary thereof or a corporation owned (directly or indirectly), by the stockholders of the Company in substantially the same proportions of the ownership of stock of the Company, shall become the beneficial owner of securities of the Company representing 20% or more, of the combined voting power of then outstanding securities ordinarily (and apart from rights accruing in special circumstances) having the right to vote in the election of directors, as a result of a tender or exchange offer, open market purchases, privately negotiated purchases or otherwise; PROVIDED, HOWEVER, that a Change in Control shall not be deemed to include the acquisition by any such person or group of securities representing 20% or more of the Company if such party has acquired such securities not with the purpose nor with the effect of changing or influencing the control of the Company, nor in connection with or as a participant in any transaction having such purposes or effect, including, without limitation, not in connection with such party (i) making any public announcement with respect to the voting of such shares at any meeting to consider a merger, consolidation, sale of substantial assets or other business combination or extraordinary transaction involving the Company, (ii) making, or in any way participating in, any “solicitation” of “proxies” (as such terms are defined or used in Regulation 14A under the Exchange Act) to vote any voting securities of the Company (including, without limitation, any such solicitation subject to Rule 14a-11 under the Exchange Act) or seeking to advise or influence any party with respect to the voting of any voting securities of the Company, directly or indirectly, relating to a merger or other business combination involving the Company or the sale or transfer of substantial assets of the Company, (iii) forming, joining or in any way participating in any “group” within the meaning of Section 13(d)(3) of the Exchange Act with respect to any voting securities of the Company, directly or indirectly, relating to a merger or other business combination involving the Company or the sale or transfer of any substantial assets of the Company, or (iv) otherwise acting, alone or in concert with others, to seek control of the Company or to seek to control or influence the management or policies of the Company.

(b) The liquidation or dissolution of the Company.

(c) A change in the composition of the Board of Directors of the Company occurring within a two-year period, as a result of which fewer than a majority of the directors are Incumbent Directors. “Incumbent Directors” shall mean directors who either (i) are directors of the Company as of the date hereof, or (ii) are elected, or nominated for election, to the Board of Directors of the Company with the affirmative votes of at least a majority of the Incumbent Directors at the time of such election or nomination (but shall not include an individual whose election or nomination is in connection with an actual or threatened proxy contest relating to the election of directors to the Company). As a result of or in connection with any cash tender offer, merger, or other business combination, sale of assets or contested election, or combination of the foregoing, the persons who were directors of the Company just prior to such event shall cease within one year to constitute a majority of the Board.

(d) The Company ceases to be an independent publicly owned corporation.

(e) The Company (i) merges or consolidates with or into another corporation in which the holders of the Stock immediately before such merger or reorganization do not, immediately following such merger or reorganization, hold as a group on a fully diluted basis both the ability to elect at least a majority of the directors of the surviving corporation and at least a majority in value of the surviving corporation’s outstanding equity securities, or (ii) sells or otherwise disposes of all or substantially all of its assets.

Termination other than for Cause

As used in the proxy statement discussion of the Employment Agreement with Harold M. Messmer, Jr., a termination for “Cause” means a termination by the Company of Mr. Messmer’s employment by the Company by reason of Mr. Messmer’s willful dishonesty towards, fraud upon, or deliberate injury or attempted injury to, the Company or by reason of Mr. Messmer’s willful material breach of his employment agreement which has resulted in material injury to the Company; provided, however, that Mr. Messmer’s employment shall not be deemed to have been terminated for Cause if such termination took place as a result of any act or omission believed by Mr. Messmer in good faith to have been in the interest of the Company.

As used in the proxy statement discussion of the Severance Agreements with Messrs. Messmer, Waddell, Gentzkow, and Glass, a termination for “Cause” means a termination by the Company of the employee’s employment by the Company by reason of the employee’s willful dishonesty towards, fraud upon, or deliberate injury or attempted injury to the Company, or by reason of the employee’s willful material breach of any employment agreement with the Company, which has resulted in material injury to the Company; provided, however, that the employee’s employment shall not be deemed to have terminated for Cause if such termination took place as a result of any act or omission believed by the employee in good faith to have been in the interest of the Company.
